What Behavioral Changes Can I Make to Inspire Enthusiasm in My Classroom?

Explore the phenomena of emotional contagion and affective crossover, both rooted in the emerging science of emotion, to develop techniques that enable faculty to inspire students, foster enthusiasm, and motivate learning.

Upon completion of this program, you'll be able to:

- Explore the importance of emotional contagion and affective crossover
- Develop effective teacher qualities that do not depend on personality traits, but instead take advantage of affective crossover
- Implement strategies based on the science of emotion to increase your ability to inspire and motivate your students
