

# MAGNA SEMINAR SERIES

NOVEMBER 2, 2021

## Using Authentic Assessment to Assess Student Learning

Students want active learning environments and opportunities to build a skillset that is relevant to today's job market and that can help them solve challenging problems. Authentic assessment and authentic assignments provide instructors with a framework for designing relevant real-world opportunities for students to build practical skills.

If you have experienced disinterested or unmotivated students in your classes, this Magna Online Seminar will help you reach them in a different way by providing real-world opportunities for them to develop and practical relevant skills. Develop specific strategies for authentic assessment and authentic

assignments and assessment mechanisms to help encourage a holistic understanding of student learning. You'll recognize assessment as a holistic, transformative, and authentic means to enhance student learning and develop specific strategies for authentic assessment.

Upon completion of this program, you'll be able to:

- Understand assessment as a holistic, transformative, and authentic means to enhance student learning
- Develop specific strategies for authentic assessment
