## How Can I Use AI as a Student Writing and Editing Coach?

Educators now find themselves in an era where generative Artificial Intelligence (AI) tools are ingrained in most programs available. New ethical challenges can emerge, but it's crucial for educators to evolve and master the art of effectively guiding students to use these innovative tools. One such opportunity is being able to use the power of AI to help students strengthen their own writing and editing.

This 20-Minute Mentor shares:

- What tools can be used as a writing and editing aid

- Specific ways educators can use AI to help their students strengthen their writing and editing
- How these tools can be implemented into courses

### Upon completion of this program, you'll be able to:

- Implement AI tools in students' toolkit
- Identify the capabilities of AI as a writing aid
- Pinpoint where AI assistance should end, and human assistance should begin
- Guide students in several AI-assisted exercises to hone their writing skills
